Searchly

Welcome to Searchly!

Searchly is a document management and search tool designed to help you quickly locate and view customer documents by their unique TIN number.

Here's how to use this application:

- 1. Enter the 10-digit TIN number in the search bar.
- 2. Click the "Search" button to locate the corresponding document.
- 3. The document will be displayed directly on this page.

Tips:

- Ensure the TIN number is correct and matches the database.
- If you encounter errors, contact the administrator.
